

2017 Standard and Additional Reports

Standard reports will be provided free of charge to all school districts. Standard reports showing student performance on the State of Texas Assessments of Academic Readiness (STAAR®) assessments are as follows.

1 Confidential Student Report

The individual student report will show performance data for each student on the subject-area tests. For spring administrations of STAAR 3–8, all subjects tested during the current administration year will be included in one combined Confidential Student Report. For STAAR end-of-course (EOC), the Confidential Student Report will contain cumulative results for all subjects tested. One printed copy of the Confidential Student Report will be provided to districts for spring administrations only.

2 Confidential Student Label

An adhesive label that can be placed on each student's permanent record file will be provided for every administration. The label will show overall test performance data for the student in each subject area. For EOC, the label will show cumulative history information for students. Districts may opt out of receiving the Confidential Student Label.

3 Confidential Campus Roster—All Students

This alphabetical listing will show individual student performance data. Results for STAAR and STAAR Spanish will be listed on separate rosters.

Constructed Responses Summary Reports are provided and show the number and percentage of students receiving each rating for the written composition for STAAR and STAAR Spanish. The Combined Summary Report will be provided for each subject for grades 3–5.

The student record includes identification and demographic data as well as subject area scores. Reporting Category data are included.
