

ROADMAP to COLLEGE and CAREER — Grade 11

2018 STAAR Report Card

Plan for College

Strategies for College Success

Learning about Colleges and Degree Programs

- Visit colleges and universities that interest you and meet with visiting college admissions representatives at your school
- Familiarize yourself with college admissions requirements, application deadlines and tuition costs.

Preparing for College in High School

- Enroll in advanced coursework such as Advanced Placement® and International Baccalaureate classes, and dual credit options offered by a local community college.
- Prepare for the SAT® and/or ACT®.
- Learn about ways to pay for college (e.g., available scholarships, the FAFSA and TASFA).

Building a College Resume

- Take on leadership roles within extracurricular activities and community service opportunities (colleges look for students who are active leaders in their schools).
- Practice writing a college application essay.

Prepare for a Career

Career Planning Activities

Exploring Career Options

- Research local or regional demand for careers and occupations aligned to your coursework and endorsement.
- Interview or explore videos of career professionals who can explain their work responsibilities and requirements for success.

Planning a Course of Study

- Explore associates degree or post-secondary career certification programs aligned with your Career and Technical Education (CTE) coursework.
- Enroll in a capstone CTE practicum course that offers real-world experiences and/or work-based learning opportunities (e.g., apprenticeships, job-shadowing, or paid internships).

Exploring Career-based Opportunities

- Take advantage of opportunities to intern or job-shadow at a local business or other organization.
- Consider participating in summer career skill-building programs hosted by businesses or other organizations.

Suggested Questions to Ask Your High School Counselor

1. When is the next opportunity to attend a college tour or meet with a college admissions representatives?
2. Where can I get assistance completing college applications (and essays) needed for Apply Texas and the Common App?
3. Which community college programs have the best career training programs related to my endorsement and coursework?
4. What other college credit and career prep classes can I take in 12th grade? Which dual credit, AP®, or International Baccalaureate courses will help me achieve my goals?
5. What are the exam schedules for the ACT and SAT? What college exam prep does our district offer?
6. Where can I find information about summer internships with local businesses/organizations?
7. Where can I learn about completing the FAFSA and TASFA? How do I create a PIN?
8. Where can I find information about potential college scholarship opportunities?

STATE OF TEXAS ASSESSMENTS OF ACADEMIC READINESS

2018 STAAR Report Card

About the STAAR Test

Your child took the STAAR in Spring 2018. This test asks students to answer questions that measure the knowledge and skills they need to be prepared for college or a career. If you have questions about this report, please talk to your child's teacher or principal, or learn more by visiting www.texasassessment.com.

What the Results Mean

This report shows how well your child did on the assessment. There are 4 levels of Performance.

From the Commissioner

Tests are a part of life. Our kids will take tests to get a driver's license, to get into college, and even to get certain jobs. As a parent of two myself, I know that no one test can tell me everything about my children. But the STAAR tests have been designed to provide useful information about how much our children have learned academically and how well prepared they are for what comes next.

Students who meet or master grade level by high school graduation have more than a 60% chance of passing their college classes, substantially increasing their lifetime earnings and prospects for success. This report is intended to give you information on how well your child learned this year's academic material in school and how you can help them learn even more.

MASTERS GRADE LEVEL

Mastery of the course knowledge and skills is shown — student is on track for college and career readiness.

MEETS GRADE LEVEL

Strong knowledge of course content — student is prepared to progress to the next grade.

APPROACHES GRADE LEVEL

Some knowledge of course content, but may be missing critical elements — student needs additional support in the coming year.

DID NOT MEET GRADE LEVEL

No basic understanding of course expectations is shown — student may need significant support in the coming year.
